## Message

I **Shri Tesam Pongte** as the Bharatiya Janata Party (BJP) candidate, once again seeks your valued blessings to be elected as your **MLA of 53rd Changlang North(ST) Assembly Constituency** to strives for continuous and unhindered development, aiming to fulfill its true destiny with renewed vigour.

A decade ago, on April 9, 2014, we embarked on a journey to transform our constituency and honour the historic mandate bestowed upon us. Since being elected as BJP MLA in 2014, I played a crucial role in the state opposition party under the guidance of our esteemed senior leaders. After two years of persistent efforts, our government was formed in the early part of 2017, marking the beginning of the '**Double Engine Sarkar**' Subsequently, I was re-elected on April 11, 2019, ensuring that our government has remained steadfast for the past seven years. Throughout this period, we faced the global COVID-19 pandemic for two challenging years.

Despite the immense challenges, our commitment to building a stronger, safer, and more prosperous constituency was unwavering. Fueled and inspired by the strengths and skills of the residents of the 53rd Changlang North (ST) Assembly Constituency, we transformed obstacles into opportunities, decay into development, and pessimism into positivity.

At an unprecedented speed and scale, what seemed impossible earlier became a reality. Before assuming office as MLA, various issues plagued communication sectors—especially roads, mobile networks & internet connectivity, healthcare, education, power supply, water supply, security and social sector in my constituency—the fundamental needs of the modern era. I optimistically directed my efforts towards these sectors and initiated transformative projects. Today, I proudly claim to have connected roads and electricity to 14 plus villages in my constituency that were previously without such infrastructure. Under the 'Double Engine Sarkar,' we revolutionized Changlang Township by constructing CC roads, an RCC bridge over Tirap River, introducing mobile networks such as Vodafone, Airtel, and Jio, equipping the District Hospital with modern facilities and a new building, Health & Wellness centre at Namtok PHC, enhancing the infrastructure of GHSS Changlang and all the schools under my jurisdiction, evacuating 33KV power supply from Deomali Grid Substation via Khonsa, and installing smart street lights in the township. We also provided potable water supply to Changlang township and rural areas by constructing both large and small water treatment plants in different locations within my constituency. To combat the drug menace, we constructed sports avenues such as badminton courts, a futsal ground, a karate training center, a boxing training center, improved the General Ground playground. To ensure social security I have constructed Police Station along with police staff quater infrastructure (T-III: 6 Nos.; T-II: 50 Nos.; 40 Men Barak: 02Nos. & PS:02 Nos.) at both Namtok & Yatdam. Empowering women by supporting women's self-help groups (SHGs) run by various sections of my constituents has been a priority.

I have consistently believed in and advocated for maintaining peace and communal harmony among the various communities in my constituency.

Over the past ten years, we have achieved significant milestones, yet there is much more to be done. I am deeply committed to completing all pending work in the aforementioned sectors, ensuring peace and harmony, empowering women, reducing unemployment by supporting youth for self-sustenance, and maintaining environmental and ecological balance. We will diligently implement all Central and State-sponsored schemes to deliver services to the most deserving individuals.

Together, let us collaborate to build a strong and inclusive constituency, where citizens are guaranteed dignity, prosperity, security, and opportunity.

***Experience matters, dedication counts and results speak. Keep the momentum of continued progress. Please cast your valuable votes in favour of me to re-elect as your MLA, 53rd Changlang North(ST) Assembly Constituency for the tenure 2024-2029.***

***SABKA SAATH..! SABKA VIKAAAS..! SABKA VISHWAAS..! SABKA PRAYAAS..!***

Vande Mataram...!!!  
Jai Hind...!!!  
Jai Arunachal...!!!

*With Regards*  
TESAM PONGTE
